October 20, 2022

Dear Patient,

As you may or may not know, I have decided to leave Valley Family Practice & Internal Medicine effective November 18th. While this decision has not been an easy one, I am excited for the opportunity to expand my clinical experience into the area of veteran medical care.

I do wish I could have informed you of my decision in person. Unfortunately, the timing of everything did not allow for that.

Throughout my time with Valley Family Practice & Internal Medicine I have had the pleasure of walking beside my patients from one life stage to the next. I have confirmed pregnancies for new moms, treated scrapes and sniffles of growing children, helped young adults navigate the newness of adulthood, and diagnosed from flu to Alzheimer's in aging adults. Whether through life's joys or sorrows, thank you for trusting me with your care in the past.

Please know that the remaining providers at Valley Family Practice & Internal Medicine will continue to provide you with the same level of exceptional care that you have grown accustomed to from me.

With deepest gratitude and greatest regard,

Kate Durbin PA-C, ATC
